In PSHE and Computing we will be:

Learning all about how to work online safely and what to do if they see something they don't like (TAG – Tell A Grown-up).

In Science we will be:

Learning about how plants grow
Recognising and naming common flowering plants
Identifying 'wild' flowers

In English we will be:

Using non-fiction books to find out about plants and plant lifecycles.
Writing our own senses poem based on the changing seasons.
Writing our own stories.
You can help at home by encouraging your child to:

- use neat handwriting including the correct letter formation.
- use grammatically accurate sentences in their writing.
- extend sentences using 'and' or 'because'.

In Maths we will be:

Working on securing number knowledge to 100. This includes ordering, counting, comparing, finding one more or one less than a number to 100.
Adding and subtracting numbers to 50 with a single digit to 10.
Length and height.
You can help at home by:

- helping your child with adding and subtracting to 50 by counting on or back to get the answer.
- counting backwards from 100 starting at any number.
- playing games that involve number.

In RE we will be:

Finding out about the Christian festival of Easter.

In Art we will be:

Learning about Vincent Van Gogh.
Refining our drawing skills and painting skills.

Spring 2
Up, Up and Away!

1C Mrs O'Connell, Miss Ryde

1G Miss Green

School fund!

School fund money is such a valuable fund that is used for many varied treats throughout the year. We ask parents to support school fund and make a voluntary donation of **£1 per week** via Parent Pay. You can pay weekly, termly or annually, whichever is best for you and we are very grateful.

In Geography we:

Help the children gain an understanding of where they live.
We will be identifying characteristics of the four countries and their capitals that make up the United Kingdom.

In Music we will be:

Looking at tempo and dynamics. We will be creating our own music using percussion instruments.

In PE we will be:

Continuing our football sessions on **Thursdays** and games with Mr Shingler on **Fridays.** Please send your child in their PE clothes on these days.

Children should not be sent to school wearing jewellery; it is not safe for P.E. and games and we cannot be held responsible in the event of loss. If children have pierced ears, please allow them only to wear plain studs during their time at school and they must be removed on days that they have P.E.

Helpful reminders..

Children in Year One need to bring a named water bottle into school every day, filled with fresh **water.** Please ensure that your child's **name** is on every item of uniform, water bottle and bookbag.

We regularly update our **class pages** (under the children tab on the website) with what the children have been doing in school and we will be in the playground before and after school to answer any questions.
